DISGEL™

Dispenser Grade Hand Cleaning Cream
Technical Information

Disgel is a solvent free heavy duty hand cleaning cream.
The product contains polymer beads to assist the removal of deeply ingrained dirt and soils and moisturising agents to reduce risks of dryness and skin irritation.
Disgel contains an active skin replenisher.

Disgel is highly effective in the removal of a wide variety of heavy soils.

Disgel is supplied as a viscous creamy liquid that can be successfully employed through wall dispensers and pumps.

Primary features attributable to Disgel are:

- Heavy duty, solvent free skin cleaner;
- Beaded to assist soil removal;
- Effective for a wide variety of difficult soils;
- Can be used in wall dispensers and pumps;
- Contains moisturising agents;
- Perfumed to give a fresh clean aroma.

Applications

Disgel will remove difficult soils such as oil, grease, some dyes, printing inks, tar, carbon, uncured paints and resins.

Compatibility

Disgel is compatible with all materials normally found in washrooms and hygiene facilities.
It will not stain or affect plastic surfaces.

Safer Solutions For Industry
