

# LEMON GEL™

## Floor Cleaner

### Technical Information

Lemon Gel is a versatile, solvent-free gel cleaner for medium-duty floor cleaning applications. The concentrated blend of soaps, non-ionic surfactants, amphoteric surfactants, biocides, dyes and fragrances is highly effective in the removal of a wide variety of heavy soils.

Following application, Lemon Gel may be readily burnished to yield a slip resistant shine.

Lemon Gel is suitable for use by mop or spray or mechanised scrubbing machine cleaning methods.

Primary features attributable to Lemon Gel are:

- Heavy duty bactericidal floor cleaner;
- Will remove dulled polish films;
- Clean lemon fresh fragrance;
- Effective damp mopping solution for a wide range of surfaces;
- Can be polished to give a slip resistant shine;
- Suitable for spray cleaning to remove dirt and heel marks.

---

### **Applications**

Lemon Gel has found applications for hard surface floor cleaning in a wide variety of locations such as buildings, offices, entertainment facilities, healthcare and catering facilities.

---

### **Compatibility**

Lemon Gel is compatible with all hard surface flooring type materials and will not stain or affect plastic surfaces.

Lemon Gel has been found suitable for use on PVC, rubber, sealed cork, sealed wood, terrazzo, ceramic tile and thermoplastic sheet flooring.

Certificate No. GB06/69741

Solutions  
For Industry

## **Health and Safety**

Lemon Gel is classed as being non-hazardous, however common sense precautions should be used when handling this product.

See Safety Data Sheet for details.

---

## **Typical Properties**

Appearance	Yellow viscous liquid
Odour	Lemon smell
Solubility in water	Completely miscible
Flash Point (closed cup)	None
pH	10.5 (neat) 10.0 (10% solution) 9.3 (1% solution)
Density	1.01

Lemon Gel has a storage life of not less than 36 months when stored in original containers in a cool, dry, well-ventilated area between 5 °C and 35 °C.

---

## **Directions for Use**

### **Application:**

#### General Mopping:

Dilute 1 part Lemon Gel to 120 parts of warm water.

Apply the solution by mopping using a well wrung out mop, and burnish to remove all floor marks and soils.

Allow the floor to dry and then, if required, burnish further to improve the shine using a clean dry cloth.

#### Spray burnishing:

Dilute 1 part of Lemon Gel to 60 parts of water.

Apply by lightly spraying moving ahead of a commercial floor polishing machine fitted with a suitable nylon pad.

For use with machine scrubbers, use as directed for spray burnishing.
